Happy Mother's Day!

You Were There...

You were there when we took our first steps,
And went unsteadily across the floor.
You pushed and prodded: encouraged and guided,
Until our steps took us out the door...
You worry now "Are they ok?"
Is there more you could have done?
As we walk the paths of our unknown
You wonder "Where have my children gone?"
Where we are is where you have led us,
With your special love you showed us a way,
To believe in ourselves and the decisions we make.
Taking on the challenge of life day-to-day.
And where we go you can be sure,
In spirit you shall never be alone.
For where you are is what matters most to us,
Because to us that will always be home...

Did you know Mother's Day was established in 1908?

Hunt Update

At Hunter's Cove! We are committed to providing excellent service in a timely manner to all of our residents. We appreciate the feedback you have provided and look forward to hearing from you throughout the year. Please let us know what you love about living with us and what activities and events you would like to see in the future.

Have an idea for a resident event or want to advertise on our bulletin board? Give us a call today!

Maintenance - Fire Prevention

Every year fire departments respond to more than 300,000 home structure fires in the U.S. Most residential fires can be prevented by educating yourself and your family on the common causes of household fires and how to prevent them from occurring. The following tips will help keep you, your family and your home safe.

- >Do not overload electrical circuits with too many appliances or electronics. If your circuit breakers are tripping, call in a work order for maintenance to look at your system.
- >Do not run extension cords under rugs or carpets. The cords wear easily and may short out, causing a fire.
- >Nails or staples used to attach electrical cords to the walls or baseboards can damage the cords and cause fire or shock hazards. Tape cords to walls or floors instead of using nails or staples.
- Replace frayed electrical cords before they burn or cause a fire.
- >Unplug your hair dryer or any other small appliance in the bathroom when not in use.
- >Do not remove or tamper with your smoke / CO alarm. If it is beeping or chirping, call in a work order to have it checked.
- >If a switch or outlet is damaged during use, stop using it immediately, and call in a work order to have it repaired.

May

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday

28 <i>Hamburger Day</i>	29 <i>Wear Blue; Run to Remember Event</i>	30	31 <i>Pizza on the Fly!</i>			

Dumpster Guidelines and Care

We take pride in keeping our community clean and pleasing to the eye - please help us by ensuring that your garbage bags are securely tied and placed inside the dumpsters.

We would also like to ask that you keep in mind that there are certain things that should not be placed in the dumpsters such as:

- Tires
- concrete
- dirt
- large rocks
- lumber or material from construction/ demolition
- hazardous or flammable material
- cable material
- furniture
- satellite dishes

Community Reminders

It is important that we all keep the posted speed limits in mind when driving through the community - there are residents enjoying the weather all over and we would like for everyone to enjoy the outdoors safely.

Please do not feed stray animals around the property. We love our furbabies but having strays throughout the property will lead to extra pet waste and possible pest control issues.

Calendar Color legend

blue = interesting holidays

Eggplant = resident events
